PROFESSIONAL SUMMARY

Detail-oriented and motivated Full Stack Developer with a solid foundation in programming principles and problem-solving skills. Proficient in a wide range of programming languages and frameworks, with hands-on experience in developing user-friendly applications. Eager to leverage technical skills and creativity in a challenging role within a dynamic team.

SKILLS

Programming Languages: Java, C, C++, Python, HTML, CSS, JavaScript

Problem Solving: Completed 100 LeetCode problems, showcasing strong analytical skills

Web Technologies: Experienced in responsive design and frontend frameworks

PROJECT

Gemini Chatbot

Gemini ChatbotDeveloped a user-friendly chatbot powered by the Gemini API, focusing on delivering instant and accurate responses to user queries.
- AI-Powered Communication: Leveraged advanced API integration.
- Responsive Frontend Design: Utilized HTML, CSS, JavaScript, and Bootstrap for a modern interface.
- Result: Enhanced user engagement through AI-driven communication capabilities.

Student Report Generator

Student Report GeneratorCreated a Java-based application to manage student information and report generation.
- Core Functionalities: Collects student data, calculates scores, and generates formatted report cards.
- Skills Utilized: Object-Oriented Programming and Java file handling.
- Future Plans: Extend into a GUI/web-based application for improved interaction.

Online Voting System

Online Voting SystemCollaborated in a team to build a frontend-only voting platform using HTML, CSS, and JavaScript.
- Focus: Delivering a responsive and interactive user experience.
- Achievements: Clean UI design and smooth navigation; greatly improved frontend skills through teamwork.

EDUCATION & CERTIFICATIONS

B-tech INFORMATION TECHNOLOGY
2nd year Infor mation Technology

CERTIFICATE

- NPTEL: Design Thinking
- Infosys: Frontend Developer
- Infosys: Matlab Onramp
- Infosys: Basics of Python

EXTRACURRICULAR ACTIVITIES

Community Volunteer

Organized multiple college events, demonstrating leadership and teamwork

SMART INDIA HACKATHON
Participated in college level SMART INDIA HACKATHON in the project title CLASS ROOM MONITORING SYSTEM
